

WHICH WILL COST YOU MOST, ARTICULATED LORRIES OR AN ARTICULATE DEFENCE?

As Suburb residents we are asking you to dig deep into your pockets to save the Suburb from the Ministry of Transport's efforts to divide the Suburb with their plans for Falloden Way.

If you think you are fortunate in living well away from Falloden Way, think again, because the Ministry's plans will affect all the other roads as residents and commuters search for alternative routes.

Your street could become noisy and

dangerous and the value of your house will drop.

Isn't it worth a generous donation to protect the value of your home?

The Residents Association, the Trust and the Lorry Route Joint Action Committee have formed a trust, the Falloden Way Fighting Fund, with Suburb residents Lord Soper and Barnet's Deputy Mayor Clement Halfon as trustees, to raise funds for our defence at the public inquiry to be held in March.

Please turn over.
