## HOSPICE FETES

An extremely active North London Hospice group raised money at two fetes since our last issue.

In May one of the Hampstead Way squares came to life as residents enjoyed a sunny Suburb morning browsing amongst books and bric-a-brac, cake and produce stalls.

On July 1st it was the turn of the Temple Fortune Health Centre with music for the very popular teas in the Reception area, games for children in the car park and, very quickly sold, Chris Page's carefully nurtured plants.

### IF YOU'RE USED TO A NEW EXECUTIVE CAR, HOW ABOUT A LUXURY USED CAR?

You're used to the trappings of executive cars. Obtained for a modest outlay, they afford a certain degree of style and comfort.

It may surprise you to learn that, for much the same cost, you could be driving around in a car which reflects power, prestige and luxury. You could own a low-mileage, recent

registration Jaguar.

Your local specialists have an excellent selection of pre-owned cars on display — all of them 'Jaguar Approved'.

As such, none is over 5 years old or has more than 50,000 recorded miles. Each has been given a detailed inspection and major

service and also comes complete with full 12 month pan-European warranty and RAC membership extendable to two years.

If you've never driven anything but a standard executive saloon, a 'Jaguar Approved' used car is the best possible introduction to the prestige and satisfaction that comes with

Jaguar ownership. And with the option of buying through Jaguar Cars Finance, it can make that introduction even smoother.

Contact H. R. Owen for more details. And find out how easy and affordable it is to get used to the idea of luxury motoring with a pre-owned Jaguar.

### YOUR LOCAL JAGUAR·DAIMLER SPECIALISTS
