# The Suburb is unique - let's keep it that way

With a few exceptions, all our houses, flats and public buildings were architect designed to a plan and an ideal of garden suburb living envisaged by the creators of our Suburb.

Whether you live in the old Suburb, or in one of the later roads, your house is probably a fine example of its period.

Each road, crossroad, open space and view was carefully designed to look just right. But it needs careful conservation.

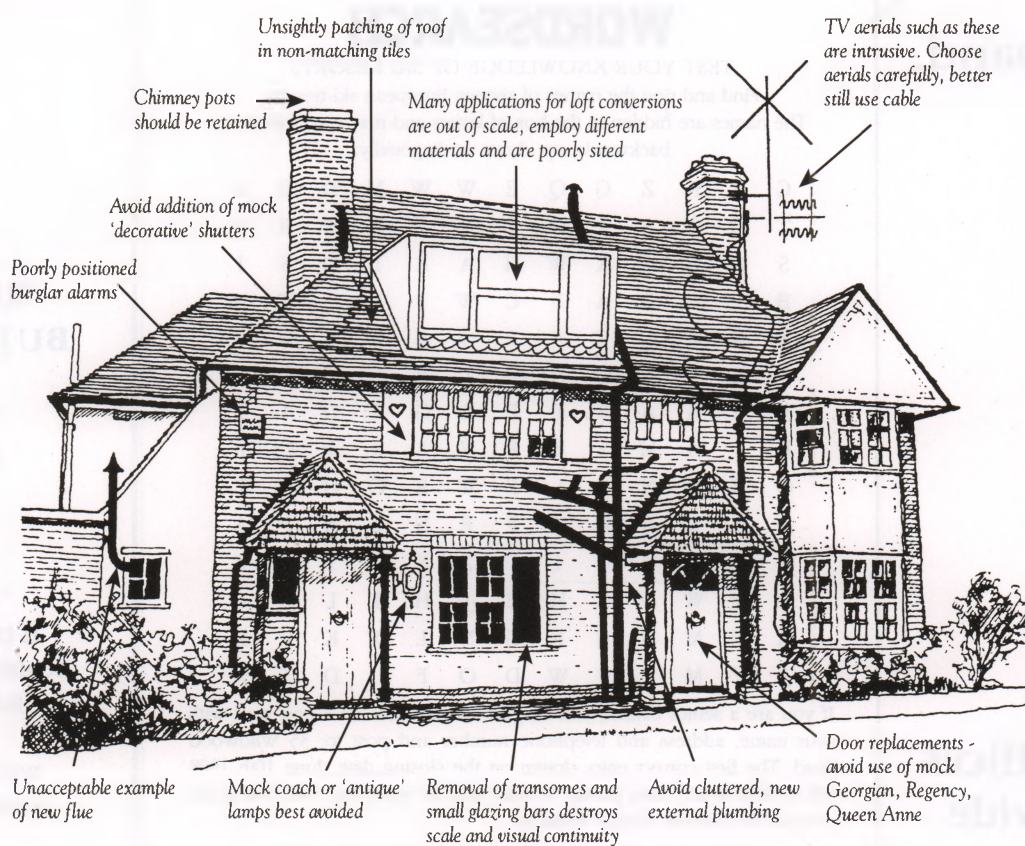

The suburb is, of course, a conservation area and as such is subject to planning controls. What makes our Suburb different is that it is subject to what is known as a Scheme of Management granted by the High Court and administered by the Trust.

This means that any alteration to freehold buildings must be approved by the Trust as well as by Barnet. The same restrictions apply under a Management Agreement to leaseholds still owned by the Trust.

## What is so special?

Even apparently quite small changes to the outside of your house can spoil the effect so carefully designed in the original plan for a street or group of houses.

## Examples of unnecessary alterations

The Trust keeps a list of trades people to recommend to residents.

Please tell us about anyone who has done good work for you recently. Just now we particularly need gardeners.

## Trust consent is needed for:

- building an extension
- changing windows, doors or gates
- installing new windows with or without double glazing
- repointing brickwork
- erecting a garden shed or greenhouse
- putting up a fence or wall
- building a garage or lean-to
- taking down a chimney
- repairing or renewing the roof tiles
- cutting down or lopping a tree
- removing or renewing a hedge
- paving the garden making a hard standing
- changing the garage into a room
- installing an external gas meter
- installing or altering external pipes
- putting a room in the attic with dormer windows or roof lights

## Here to help

The Trust manager, Chris Kellerman and architect David Pickles are here to help you.

Get in touch before making any plans for alterations and they can save you time and trouble and help us all to keep the Suburb a very special place to live.
