

Grenadier Guards play for Susie – A spectacular birthday surprise awaited Susie Gregson as she approached her home in Wild Hatch. Not only were some 100 friends and relations there to greet her but so was the band of the Grenadier Guards. "I had absolutely no idea. How Paul kept it so secret I'll never know - he is a fantastic husband" she said.

Georgina Malcolm, the organiser of the Grand Launch. The volunteers included David and Joyce Littaur, Neil Black, Gerald and Rosalind Joseph, Jane Brown (all pictured below), Rosemary Goldstein and Fellowship members. Thanks go to all for their hospitality, including John Hewson and Hilda Williams.

The sun shines for the Suburb's centenary opening –

Below: Families with young children turned out in force to see the fun on Willifield Green while the police kept the traffic away. Above, right: King Alfred pupils danced round the maypole and below, right: Kerem children and teachers got everyone going before they enjoyed refreshments laid on by Residents Association volunteers led by

Zoe Chester, Healthy Schools Coordinator with young winners of the mural and healthy meals competitions, with Claire Knight, mural artist, and June Kirkham, Head Cook

Healthy School Award

On Friday 4 May, Brookland Junior School was presented with a Barnet Healthy Schools Award by Zena Carrick, Happy Project Leader of Barnet Council, at a special school assembly.

In order to gain the award, Head Cook June Kirkham and her kitchen staff produced well-balanced healthy meals, while teachers delivered dedicated lessons and assemblies on healthy food choices and balanced diets. A competition to design a 'balanced school dinner' was also a great success. The winners were Mia Jacobs, Eloise Gibbins and Amy Goodman. Their meals will be served in the Summer Term.

One spectacular result of the initiative is a large mural that helps to explain healthy food choices to pupils. The dynamic mural was

designed by talented pupils Kelly Joseph, GabbyKaye and Francesca Gilbert and painted by Learning Assistant and professional fine artist Claire Knight.

Healthy Schools co-ordinator, Zoë Chester expressed her delight at winning the award: "I am thrilled to be awarded the Barnet Healthy Schools award. It is thanks to the hard work of the Healthy School team, teachers and children and the support of the parents."

Head Teacher, Heather Blackmore added, "Working towards this award has made a significant impact on our pupils' eating habits. Having made a range of healthy food available to pupils, it has been gratifying to see more and more of them make healthy choices."
